4 Port USB Power Hub

Model:

JH-810

USER MANUAL

BEFORE INSTALLING AND USING THE PRODUCT, PLEASE READ THE INSTRUCTIONS THOROUGHLY, AND RETAIN THEM FOR FUTURE REFERENCE.

PRODUCT OVERVIEW

1. Charging Port
2. Power Indicator
3. AC Plug

Included:

(1x) 4 Port USB Power Hub (USB charging adaptor) and
(1x) Instruction Manual

SPECIFICATIONS

To ensure safe operation, check your device's compatibility with Power Hub specifications prior to use.

Input: 100-240V~50/60Hz
800mA (Max)

Weight: 115g

Output: 4.9A (Max)

Super Charger: 5V~2.4A (Max)

Dimensions: 1.1 x 3 x 2.3 in
29 x 75.5 x 57.5mm

USE

1. Flip out the AC plug of the 4 Port USB Power Hub.
2. Plug the 4 Port USB Power Hub into any powered wall outlet. A blue power indicator below the USB ports will light up.
3. Plug the USB cable from your charging device(s) into any USB port of the 4 Port Power Hub to begin charging.

PLEASE NOTE

- Certain USB powered devices require the use of their original charging cable to charge efficiently. If you do not use the original cable, your device might not charge successfully.
- This 4 Port USB Power Hub has a built-in intelligent identifying chipset. If you're charging an iPad® or tablet that requires a high charging current, (up to 2.4A) the charging port will automatically supply the matching charge needed for the device (the Super Charger is now active). The remaining ports can charge an additional 2 smartphones OR a second tablet only.
NOTE: Charging LED indicator will blink & Power Hub will beep if too many high powered devices are attached. Remove one device to continue charging.
- It is normal for the 4 Port USB Power Hub to become slightly warm during use.

SAFETY INSTRUCTIONS

- Please read this manual carefully before using.
- Keep this device away from children. Never let children use this device without supervision.
- If you detect any smoke, fumes or unusual odors or noises, remove the USB adaptor from the main socket immediately. In these cases the device should not

be used until it has been inspected by authorized service personnel.

- Never connect the USB charging adaptor to any devices containing non-rechargeable batteries, as these can explode during charging.
- Only connect the USB charging adaptor to a freely accessible main socket so that it can be quickly disconnected from the main in the event of danger (smoke, fumes or smell of burning).
- Always disconnect the USB charging adaptor from the main supply if no device is being charged.
Unit consumes power, even if it is not connected to a device. This minimizes the risk of fire which always exists when an electrical device is connected to the main power supply.
- Always disconnect the USB charging adaptor from the main power supply before a storm or thunderstorm if there is the risk of lightning, as the USB charging adaptor and the connected device can be irreparably damaged by the high voltage surge if lightning strikes.
- A damage or incorrectly installed main socket can cause a fire or electric shock. Only connect the USB charging adaptor to sockets which are intact as well as completely and correctly fitted.
- This is also the risk of fire if the USB charging adaptor is not fully inserted into the main socket and there is a loose connection as a result.
- Never use any adaptor plugs or extension cables which are damaged or which do not comply with valid safety standards.
- To disconnect a cable always hold the USB charging adaptor and pull the plug, not the cable. Ensure that the cable is not kinked and does not cause an obstruction.

- If the USB charging adaptor is exposed to extreme temperature fluctuations, condensation can lead to the accumulation of moisture, which can cause a short circuit. In this case wait until the USB charging adaptor has reached ambient temperature before use.
- Protect the USB charging adaptor against moisture, vibration, dust, heat and direct sunlight. It could be damaged as a result.
- Avoid dropping or applying excessive shock and force to device.
- Do not attempt to disassemble the device. Any attempts to do so will void all warranties on this product.
- Upon the event where the device may be broken, shattered, or in any way physically compromised, DO NOT USE DEVICE.
- Ensure charge port is clear of any foreign objects and debris before using.
- Do not force incompatible connectors into any port.
- Please handle the product carefully. Jolts, impacts or a fall even from a low height can damage the product.
- The device is not a toy. Keep it out of the reach of children and pets.

MAINTENANCE

- Disconnect the USB charging adaptor from the main socket and remove all connected devices before cleaning it. Otherwise there is the risk of fatal injury caused by electric shock.
- If soiled, clean the USB charging adaptor with a dry cloth, and moisten the cloth slightly to remove stubborn dirt. Do not use any solvents, corrosive or gaseous cleaning agents. Ensure that no moisture penetrates the adaptor.

FCC STATEMENT

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on. The user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE, AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRE OPERATION.

CALIFORNIA PROP 65 WARNING

WARNING: This product contains chemicals known to the State of California to cause birth defects or other reproductive harm. For more information on these regulations and a list of chemicals, log on to the following website address: <http://www.oehha.ca.gov/prop65.html>

INNOVATIVE TECHNOLOGY ELECTRONICS CORP. LIMITED WARRANTY: 90 DAYS LABOR, ONE YEAR PARTS

Innovative Technology Electronics Corp. (IT) warrants the product to be free from "Defects" in materials under normal use for a period of "One Year" from the date of the original purchase. The Warranty is "Not" transferable. IT agrees, within the initial "90 Day" period, to repair or replace the product if it is determined to be defective at "No Charge". It is further agreed that IT will cover the cost to repair or replace damaged "Parts" only for a total period of "One Year" from the date of the original purchase. The warranty does not cover cosmetic damage, antennas, AC cords, cabinets, headbands, ear-pads, or damage due to line power surges, connection to improper voltage supply or settings, misuse, mishandling, accident, acts of God or attempted repair by an unauthorized service agent.

To obtain service, the purchaser MUST present an original sales receipt / proof of purchase. Please contact us at www.ithomeproducts.com to request an RMA (Return Material Authorization) number to return products for service or replacement. Returns without an RMA number on the package will be refused and returned to sender. Upon receipt of the returning item and our full inspection (IT) may issue a replacement to customer for the same item or of one that has equivalent value and features. To return an item, supply full name, return address, phone number, item purchased, receipt of purchase and reason for return to obtain RMA number. All returns must be in the original packaging or reasonable substitute to prevent damage. Customer "Must" include full name, shipping address and telephone number inside of package. No return will be shipped back to a PO Box or APO address.

Please include your check or money order in the amount of:

- USD\$5.00 for items \$10.00 to \$39.99 (Price Paid Per Unit)
- USD\$10.00 for items \$40.00 to \$99.99. (Price Paid Per Unit)
- USD\$16.00, for items \$100.00 and up. (Price Paid Per Unit)
- Shipping fees are non-refundable

To be payable to Innovative Technology Electronics Corp.(for handling and return shipping charges) (IT) will not be responsible for delays or unprocessed claims resulting from a purchaser's failure to provide any / all of the necessary information. Send all inquiries or RMA request via our website:
www.ithomeproducts.com/support.
